Undergraduate Marketing Minor

Lehigh University's marketing minor provides non-CBE students an opportunity to pursue a course of study in marketing that will enable them to supplement their major field and make them more marketable. The overall learning objective of the program is to provide non-CBE students with the knowledge and skills with which to make more informed marketing decisions.

A marketing minor consists of 12 credits. Students wishing to earn a Marketing Minor must first take MKT 111, and then select three other marketing courses from the marketing curriculum. A student can also build a concentration within the Marketing Minor in areas such as Marketing Analytics, Marketing Communications, Sales Management, Retail Management or Brand Management and Innovation, allowing for a deeper understanding of a particular aspect of marketing.

Why a Marketing Minor?

Marketing.....is a critical success factor in any business. Marketing focuses the firm on the needs of the consumers. It encompasses aspects such as new product development, pricing, promotion, and distribution considerations. Marketing influences virtually all strategic business plans and decisions and its scope ranges from government and non-profit organizations to free enterprise. Marketing plays a major role in the management of any business. A minor in marketing is a great complement to many majors.

Related extra-curricular activities and special programs that augment the curriculum include:

- Marketing Club: Official student chapter of the American Marketing Association (AMA). Affiliation with this nationally recognized marketing professional organization provides the student with opportunities to better understand the marketing profession and clarify career opportunities.
- Department of Marketing Events: The Department of Marketing hosts speakers, corporate visits, etc. in which marketing minors are encouraged to participate.
- Externships: Marketing minors can work on real projects in both profit and non-profit organizations.
COLLEGE OF BUSINESS AND ECONOMICS
