TAUCK SCHOLARS PROGRAM

The Tauck Scholars Program provides unique educational and cultural opportunities for selected business students to participate in an international summer internship in a cultural setting that is “new and foreign to them.”

Recipients of this award may select the type of international internship program they wish to pursue based on interests, qualifications and career goals. This may be a Lehigh-led internship program; an international internship program organized through a Lehigh-approved program provider; an international internship organized directly with an international company; or even a customized experience.

The Tauck Scholars also serve as goodwill ambassadors to Lehigh University, by helping prospective scholars prepare for their internships, and take part in special College of Business and Economics’ activities.

Celebrating 20 Years | 1995-2015

Since 1995, the Tauck Scholarship has been awarded to 72 highly motivated business students who have participated in life-changing internships and other educational programs in 17 countries over 4 continents.

The Tauck Scholars Program is endowed by Arthur C. Tauck Jr. ’53 (left); founder of Tauck
