Tauck Scholars Program

The Tauck Scholars program provides unique educational and cultural opportunities for selected business students to participate in an international summer internship or program in a cultural setting that is “new or foreign to them.”

Recipients of this award may, in consultation with CBE International Specialist, Sarah Wing, select the type of international internship or program they wish to pursue based on their interests, qualifications and career goals.

The Tauck Scholars also serve as goodwill ambassadors to Lehigh University, by helping prospective scholars prepare for their international experience, and take part in special CBE activities.
